

Hi _____(Find webmaster name),

I am currently promoting [my cooking blog](#) and as a passionate new blogger in the field, I understand that I need to get authoritative blogs like yours to link to mine.

In exchange, I am happy to promote your blog on my YouTube channel, Twitter, podcast, and Instagram. Is there something you are focusing on now that I can help with?

(Optional) I also have a small budget so I can pay for some promotion.

Sincerely,

Alex Genadinik
